**What are your feelings about one-way streets in downtown Midland (pick one)?**

Other - I don't mind them but there is a place for them and downtown Midland isn't one of them. I also think Rodd and Ashman three ways should be taken down to two lanes with a pedestrian path. Riding your bike on those roads is dangerous!

**Does the cold weather and snow in the winter months preclude you from coming to Downtown Midland (pick one)?**

Yes

**What would help encourage you to visit Downtown Midland year round?**

More festive atmosphere, the same music for all businesses, businesses open after 6pm, more community gathering opportunities like a fire pit or ice skating rink.

**What streetscape components would you like to see in Downtown Midland (choose all that you are passionate about)?**

Outdoor dining

Bike racks and bike lanes

Benches and gathering spaces

Other - I can vote enough times for outdoor dining!!! When people have to endure Michigan winters, they want to sit outside in the summer.

More variety in dining, a bakery, shops. Theses should be at all price points, not just high end

**What streetscape components would you like to see in Downtown Midland (choose all that you are passionate about)?**

Outdoor dining

Fountains

Benches and gathering spaces

Other - Brick paths = hazard! No bike lanes at the expense of parking or traffic flow (ppl only bike a few months out of the yr). Outdoor dining would be great but it should disrupt foot traffic, parking or streets (can only be used a few months out of the yr)

**What uses would you like to see more of in Downtown Midland (pick all that you are passionate about)?**

Restaurants

Retail shopping

Other - Housing costing 700Kto 1.2MM? NYC prices in Midland?!? Housing reduces parking, and is impractical in this area (floods, no groceries, dining keeps going out)

If it was more of a downtown with reasons to go downtown. It's becoming Dow Chemical's and young folks personal little playground. I've live here my entire life, 55 years, and use to LOVE going downtown. It's nothing like it use to be. It's full of self-centered people who think they are more important than others.

More unique and trendy restaurants and shopping. A landmark attraction like a large ferris wheel or merry-go-round. A large space for a more robust winter/Christmas market and farmers market. Shop owners and landlords that work together for joint success - this is the kind of merchant culture worth supporting, even at higher prices. Housing options that are modern and minimalist in order to be middle-of-the-road price-wise. Public parking signage that better identifies public parking during business hours.

More stores with daily needs items, such as a grocery market or convenience store. Perhaps some men's clothing options. More events would be ideal, as they provide a reason to invite the friends downtown rather than just meeting up at each other's homes for food and drinks. Make liquor licenses more available - there's no reason restaurants that want to relocate downtown should be held up because they can't secure this. In addition to all of the above, most vibrant downtowns have an arts scene including a movie house or theater. In Midland, we get out of the movie and can either disperse by car or go to Big E's, but typically the evening ends due to the inconvenient location out by the mall. Same with attending an art film or play at the Midland Center for the Arts. Observe the foot traffic increase downtown preceding and following a Loon's game. You could replicate that with a different audience through a multi-functional theater of some sort (the small room at the Center for the Arts currently used for art film viewings is usually packed and it's not even that well-publicized); additionally, smaller name comedians (or bands) that might not be able to book that huge auditorium at the Center for the Arts could enjoy a laid back atmosphere seating a smaller audience enjoying cocktails to lubricate the laughter. People need something to build their downtown attendance around, whether it's a pie tour or a beer festival or a baseball game.

**What are your reasons for visiting Downtown Midland (choose all that apply)?**

Other - My family takes frequent walks to tridge area.

**How easy is it to find parking in Downtown Midland (pick one)?**

It is always easy to find parking

**What are your feelings about one-way streets in downtown Midland (pick one)?**

Other - If you want more people on main street open it up more. Put more interesting stuff to do and or see. Besides Pizza Sams and bars there is really nothing worth seeing. Then you get to the dow diamond area and what's there? Banks medical offices?

**Does the cold weather and snow in the winter months preclude you from coming to Downtown Midland (pick one)?**

No

**What would help encourage you to visit Downtown Midland year round?**

We should have a walkway right by the water clear out the mess of garbage trees and weeds. In the areas where there is sand and shallow water give us good access. People are afraid of the river because its blocked off everywhere except boaters and fishing.

**What streetscape components would you like to see in Downtown Midland (choose all that you are passionate about)?**

Outdoor dining

Brick / paver sidewalks

Bike racks and bike lanes

Fountains

Other - The main roads ashman and rodd should have bike only lanes. To be frank midland drivers are rude and don't care if a whole family of people are on bikes. And ticket the drivers who drive horrible around bikes.

**What uses would you like to see more of in Downtown Midland (pick all that you are passionate about)?**

Restaurants

Other - Actual ice cream shop would be nice instead of the frozen yogurt place. More interesting shops, and less expensive shops. The pricing for everything down there is crazy.

If there were more reason to gather downtown. Currently it is just easier to go to Bay City or Mt.Pleasant where there is greater diversity in their downtown business area..with more meaningful dining and pubs and unique shopping that draws customers. Certain of the downtown Midland stores are better suited to be located in other areas of the community and take of space that could house more attractive business. The loss of Journeys which brought so much to the community a place for a quick business meeting or gathering of friends and their dedication to giving back is a very real loss to the face of downtown and similarly yet for different reasons Oscars will be missed by many and impact downtown draw

Benches and gathering spaces

Other - . Underground electrical service. Festive lighting. Integrate alleyways into main street by turning them into inviting small eateries that spill onto the sidewalk. Perhaps closing off one side street and alleyway for this purpose.

**What uses would you like to see more of in Downtown Midland (pick all that you are passionate about)?**

Restaurants

Other - Social gathering places that provide a little bit of privacy. Public figures such as educators and medical staff don't want to be seen the second someone enters the space.

More unique and trendy restaurants and shopping. A landmark attraction like a large ferris wheel or merry-go-round. A more robust winter market with more operating days/hours. Shop owners and landlords that are engaged in their downtown, that they are all on the same team and want joint success - this is the kind of merchant culture worth supporting. The corporate-style of "us vs. them" is a big turnoff. I would love to live downtown but the current options are few and far between. Housing that is modern and minimalist while middle-of-the-road price-wise would be excellent!

**What would help encourage you to visit Downtown Midland year round?**

I would be encouraged to visit if there was actually places to go! As of right now there are a handful of stores, many empty spaces, and a lack of variety in dining. Downtown is boring, dull and a disappointment for it patrons. If there were actually shops and places to go, then there would be more visitors and more income coming into the city! However I do not feel that adding housing or apartments is a good use of space. The city should be encouraging an helping small businesses into the downtown area.
