

Software requirements:

OneClick Download Manager and either iTunes or Windows Media Player 11

Visit the OneClickdigital audiobook catalog webpage:

graceadowmi.oneclickdigital.com

Create an Account

1. Click Register

2. Enter the entire library card number, no spaces

3. Enter the rest of the information

4. Click Register

The screenshot shows the registration form with the following fields: Library Card*, OneClickdigital Account Information (Username*, Password*, Confirm Password*), and Personal Information (First Name*). A callout box points to the 'Register' button at the bottom right.

Download OneClickdigital Manager Software

1. Click question mark to go to help

2. Choose the Desktop App for your type of computer (Windows or Mac)

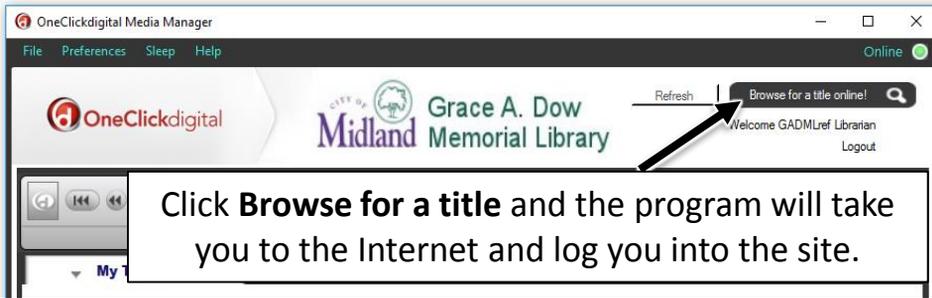

4. Run the installation file and follow the steps to add the software to your computer

The screenshot shows the support page with a sidebar on the left containing links for Help - General, Help - eAudio, Help - eBook, and Support. The main content area has a heading 'Support - Welcome to OneClickdigital Support' and a section for 'eAudio Desktop Apps' with two download buttons: 'WIN DOWNLOAD OneClickdigital MediaManager' and 'MAC DOWNLOAD OneClickdigital MediaManager'. A callout box points to the 'WIN DOWNLOAD' button.

Launch the OneClickDigital Manager

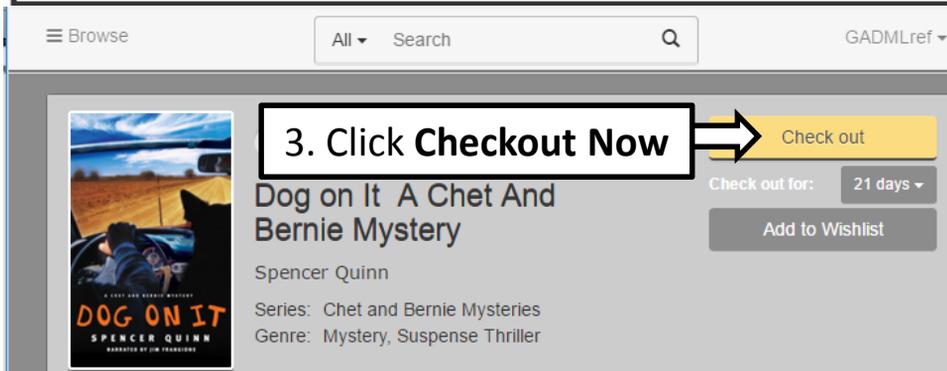

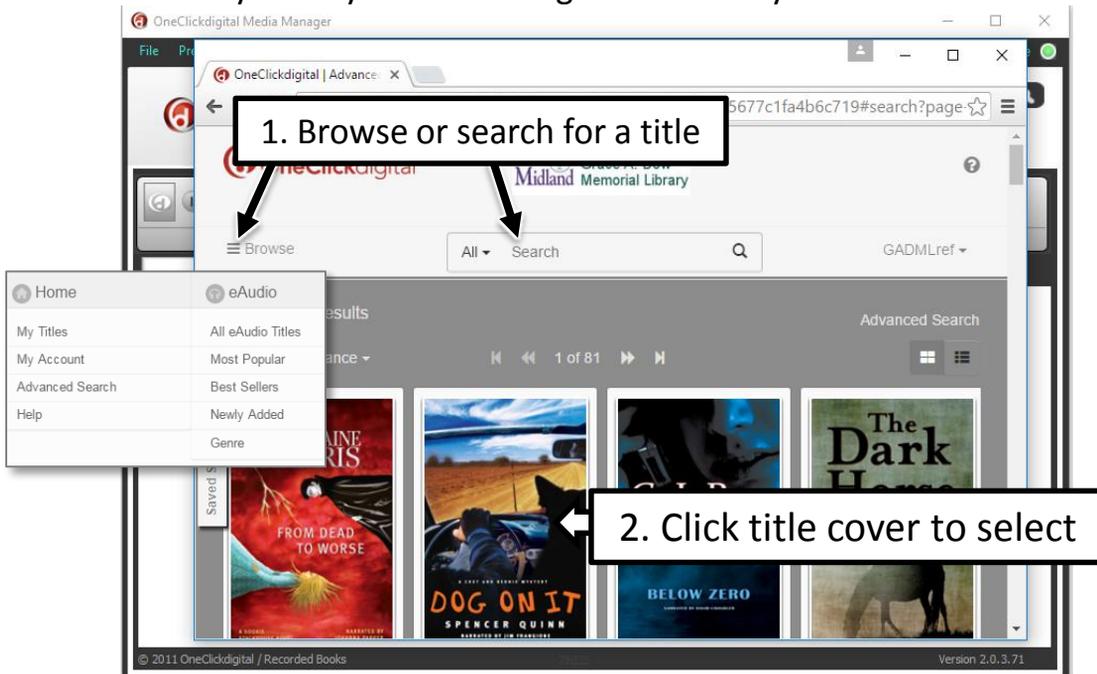

Click on the **OneClickdigital** icon on your desktop or from the start menu, the program may be found under **Recorded Books**.

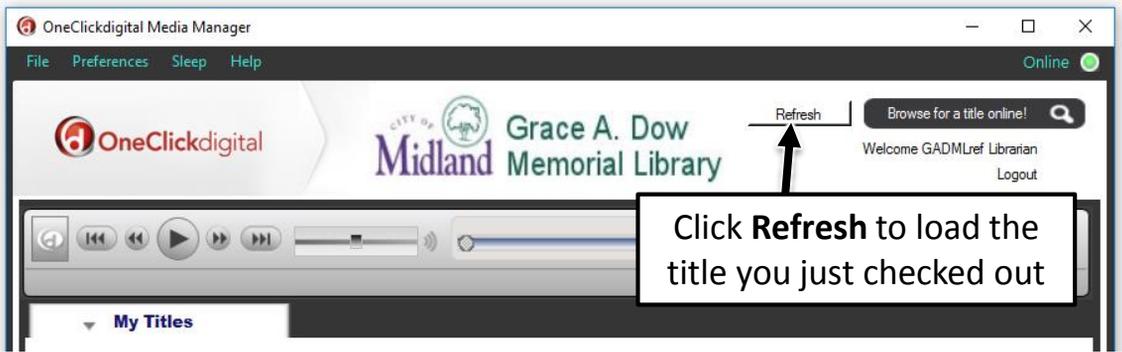

Locate and checkout audiobook

Because there are a limited amount of audiobooks (about 4800), you may find browsing an easier way to locate titles.

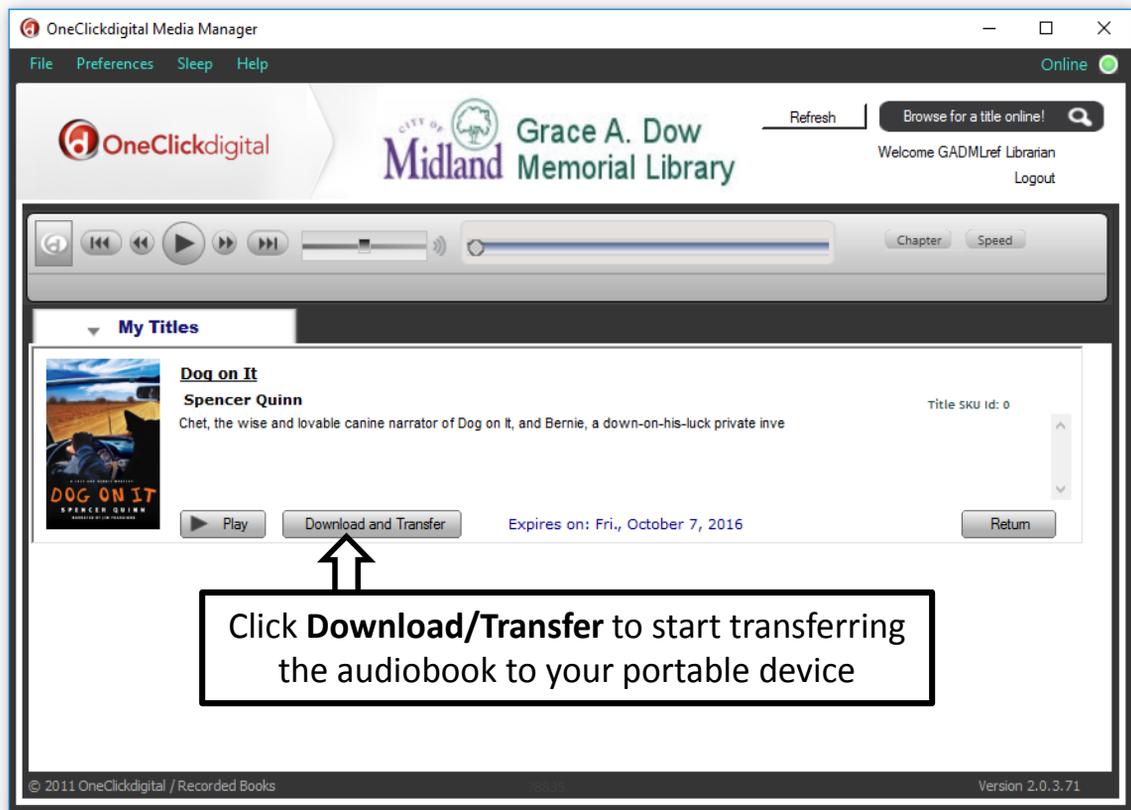

Return to the OneClickDigital Media Manager

Transfer to your portable device

Plug-in your device to your computer using its USB cable.

The title will show up as an album in the music section of your device.

For iTunes – Steps to remember your place in the book
