PERMIT FEE \$75.00

Choose the appropriate diagram below and indicate the general locations of buildings and existing fences/walls. Please show where the new fence/wall will be constructed and the intended height.

A vehicular clear vision zone is located 20 feet from the property corner in both directions. Fence/wall in this area may be no more than 30 inches higher than the top of the nearest curb or the crown of the road.

Minimum required front yard setback area. Your front yard is along the shorter lot line on corner lots, regardless of your street address. Fence/wall may be no higher than 48 inches.

Minimum required side yard setback area. Your side yard is along the longer lot line on corner lots, regardless of your street address. Fence/wall may be no higher than 48 inches.

In all other areas, the fence/wall may be up to 6 feet in height.
Berms are included in the height of the fence.
